

# WATER, WILDLIFE & COMMUNITIES:

## A CELEBRATION OF CITIZEN SCIENCE ACTION IN THE THAMES AND THAME

Join the Freshwater Habitats Trust and the River Thames Conservation Trust to celebrate the outstanding accomplishments of the Thames Water for Wildlife Project and the River Thames Conservation Trust volunteers. The event will focus on the successes of citizen science and volunteer engagement, and their contribution to water and wildlife monitoring. We will be sharing our findings on a range of projects, and there will also be plenty of time for discussions and questions.

# 29th November 2017

## (6:30pm – 9:00pm)

Diamond Room,  
The Gateway,  
The Gatehouse,  
Aylesbury,  
HP19 8FF

Free event, including wine and tasty nibbles

### Presentations on:

- The importance of clean water for wildlife
- Results from the Thames Water for Wildlife Project
- Why the region is special for freshwater biodiversity
- Monitoring water quality in river catchments
- Where do we go next?
