## 11 September 2024: Farm Carbon Toolkit

### With farm visit at Blanchard Enterprises, New House Farm

Heard about the [Farm Carbon Toolkit](#) and want to learn more about its practical application in a local farm business? Tilly Kimble-Wilde join us to talk through Farm Carbon, how to use their free [Farm Carbon Calculator](#) and [Toolkit](#) with the goal of helping farmers to measure, understand and act on their greenhouse gas emissions, while improving their business resilience for the future. We will then visit James Blanchard's farm to put the toolkit concepts into practical detail.

**Venue: New House Farm, Southmoor OX13 5HR.**

## Programme

**9am tea, coffee and networking**

**9.30am OCFC Update** *Adam Bows, OCFC Facilitator, Freshwater Habitats Trust*

- Landscape Recovery Project
- Event and Training programme
- Environmental baselining programme

**9.45am Farm Carbon Toolkit training** *Tilly Kimble-Wilde Farm Carbon and Soils Advisor at Farm Carbon Toolkit.* Overview of carbon on the whole farm, soil carbon, the benefits of understanding farm carbon and how to use the Farm Carbon Calculator and Farm Carbon Toolkit

**10.45am Farm Visit** *Tilly Kimble-Wilde and James Blanchard*

Visit to some of the different land parcels at New House Farm to put on-farm soil carbon into context and how it would be assessed by the farm carbon toolkit.

**12 noon Lunch** Ploughman's lunch provided by Nina Gaylard

**1pm close**

### About the OCFC

The [OCFC](#) are a group of farmers working together to access agri-environmental funding and share knowledge and expertise in order to improve the nature and ecosystem services such as clean water, carbon sequestered and fertile soil on our land. It is led by farmers for farmers, facilitated by [Freshwater Habitats Trust](#).
